

Girl Scout Troop Library Fork/Kingsville, MD

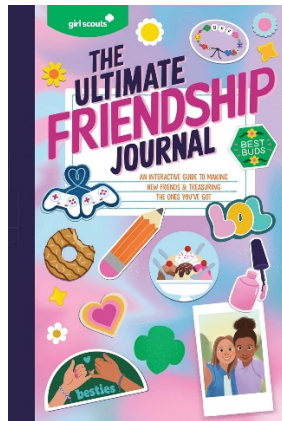

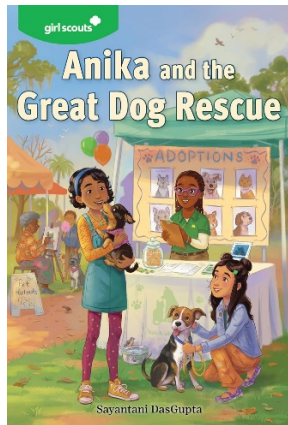

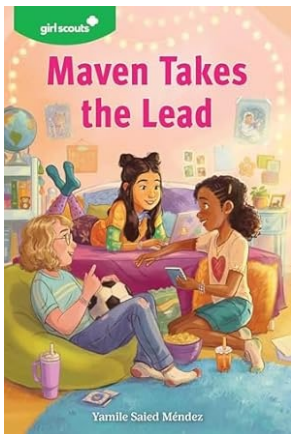

In this pamphlet you will find the list of books that are part of the Fork/Kingsville Girl Scout Troop Library.

When you borrow and return books please make sure to mark them appropriately so we can keep track (i.e., In, Out, or Missing).

Please make sure to take care of any books you borrow just as you would a library book, and do not write in them. We want to make sure these books last a long time for all scouts to enjoy.

Remember to tell your troop Librarian what books you have read, and to keep track yourself, so they can be counted towards earning patches!

We are looking for more books to add to our library. If there are any books you think would be a good fit let your troop leaders know.

Girl Scouts X HarperCollins Books

**Note: HarperCollins has partnered with Girl Scouts to publish several books, and to help encourage reading each book has a patch associated with it. Completing the discussion activity for a book found in the Discussion Guide will earn a girl a patch.*

Brownies Series

**Note: This series is set in the United Kingdom (UK). The Guiding organization in the UK is called Girl Guides.*

When you read the books in the series, you will find that the characters use different words for things we do in the US. They even spell some words differently! School is different too.

Interested Scouts can earn a patch for learning about the differences between scouting and life in the UK vs. the USA.

Our troop has a copy of the old UK Brownie Guide Handbook and Brownie Guide Badge Book, as well as a current UK Brownie Badge book. We also have a copy of the old UK Guide Badge book and Guide Handbook (equivalent to Juniors).
